

The **PhoneSkype EX-03** is a professional USB deskphone that enables you to enjoy the full feature of Skype™. Simply plugging it into the USB port of your PC or laptop, you can make/answer Internet calls just as you would be on a regular telephone. Its high sound quality and easy-to-use have made it a perfect accessory for Skype™.

Key Features

- Fully functional keypad enables you to make/receive calls even easier
- Rings loudly on an incoming Skype™ call
- Acoustically isolated speaker and microphone to eliminate echo
- **DTMF dial tone allows you to dial extension number**
- Hook switch allows for intuitive answering/ending Skype™ calls
- Full-duplex communication with crystal clear speech
- USB Interface PnP. No external power/sound card required
- LCD display and LED indicator
- Free **Skype@phone** software is included in the installation CD that enables the phone to work with Skype™ seamlessly
- Also compatible with other PC-based softphone applications, such as **MSN, Yahoo Message, Xten, Dialpad, MediaRing, Net2phone** and etc.

Host System Requirements
